

Verity 340B™ Managed Services

Drive compliance and boost savings with Verity 340B™ Managed Services

With the Verity 340B™ Managed Services, dedicated Verity Solutions experts help you manage your 340B program using our advanced software platform. Our Managed Services solution saves time, and ensures that you are receiving maximum 340B savings. Verity experts help you take advantage of every savings opportunity while maintaining compliance and audit-readiness.

OPTIMIZATION

We manage key details of your 340B program to help you maximize savings and minimize WAC spend

CONFIDENCE

Rest assured that your 340B software is up-to-date with the latest compliance regulations

SIMPLIFY

Eliminate the complexity of 340B management and let us do the heavy lifting

ON-SITE SUPPORT

Mock audits and policy-and-procedure reviews to get you ready. On-site support for the real thing when you need our help for HRSA and manufacturer audits

DATA TRANSPARENCY

Our reports, dashboards and application tools provide full visibility into your 340B program
